

Time With People

tim parkinson

Time With People (2012-13)

tim parkinson

an opera, for 2 Soloists, and Chorus (c.8 people, one of whom should be able to play drum kit)

A complete performance of Time With People consists of an uninterrupted performance of all 7 sections. Individual sections may be played separately, but should be titled as (for example) "Opus 1 from Time With People".

STRUCTURE

Opus 1 - for 2 Soloists (+ 2 audio tracks)

Opus 2 - for Chorus

Opus 3 - for 2 Soloists (+ 4 drums) and Chorus (+ objects)

Opus 4 - for Tutti

Opus 5 - for 2 Soloists (+ 2 electric guitars + 2 audio tracks) and Chorus (+ audio + drum kit)

Opus 6 - for Tutti

Opus 7 - for 2 Soloists (+ objects) and Chorus (+ objects) + audio track

Duration c.60 minutes

STAGING

The performance space should be strewn with many and various objects on the floor

A wide variety of materials, e.g. wood, metal, plastic. Variety of sizes, e.g. from pencils to dustbins. Variety of textures, e.g. solid, hollow, plastic bags, polystyrene, etc

(e.g. any food or product packaging, plastic bottles, cardboard boxes, plastic/paper bags, newspapers, toys (balls, old plastic dolls, light things, etc), twigs, leaves, branches, kitchenware, plastic household or other domestic items, glass bottles, shoes, and similar.)

Roughly equal combinations of everything, in such a way as no one category predominates.

PERSONNEL

2 Soloists and Chorus of at least 8 people. Any gender, although gender balance is preferred.

The 2 Soloists may be the same people throughout, or different Soloists may be used from the Chorus for Opus 1, 3, 5 and 7.

Gentle amplification of Soloists and/or Chorus may be used if required.

INSTRUMENTS & OTHER

- Playback system for Audio Tracks supplied for Opus 1, Opus 5, Opus 7. Playback may be through portable on-stage amps, or may be through a PA.

- 2 Chairs for the Soloists. (A table and house plants are possible.)

- Stopwatches.

- 4 drums (2 high, 2 low).

- Drum kit (very basic; e.g. snare, tom, bass, cymbal/hi hat)

- 2 electric guitars, 2 portable amplifiers.

- 2 headphones connected to one Audio Track. (Soloists for Opus 5)

- 8 headphones connected to one Audio Track. (Chorus for Opus 5.)

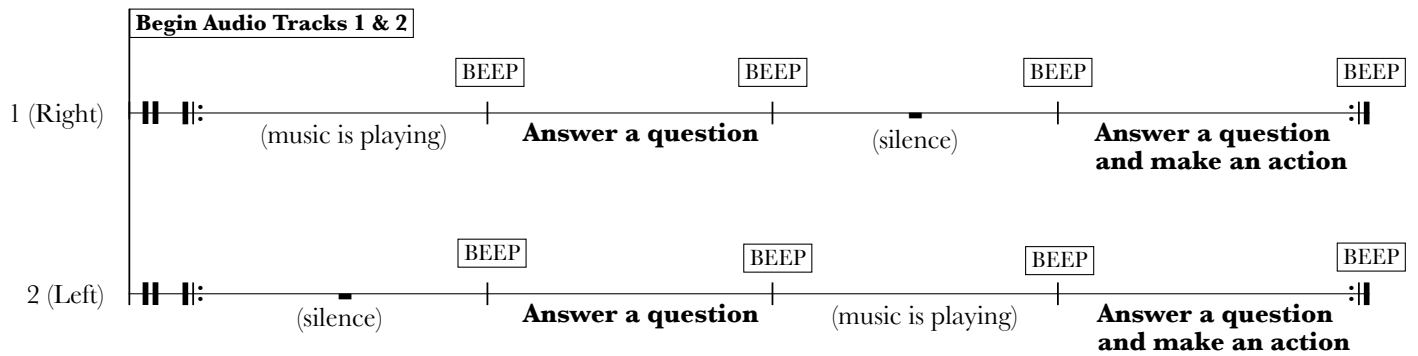

- 1 television or 2 copies of the same book

- Packets of crisps & cans of drink (Optional for Opus 1.)

Opus 1

(from Time With People)

tim parkinson

SET UP

2 Performers, seated on two chairs next to each other, one on right, one on left.

Each performer has 12 Question cards, and 6 (optional) Simultaneous Action cards.

2 Audio Tracks (mono), to be played simultaneously, one for each performer, one through a speaker on the Right, and one through a speaker on the Left.

PERFORMANCE

To begin, start both Audio Tracks, which play for the duration of the piece. (Beeps should be fairly prominent; Music should be quiet, almost background.)

Each performer independently answers Questions and performs Simultaneous Actions in a structure given by his or her Audio Track.

At the sound of his or her next beep, the performer either starts speaking or stops speaking.

When not speaking, remain silent and still. During these moments, there will either be music playing, or it will be silent.

The durations between the beeps are randomly determined and may be anywhere between 5 to 60 seconds.

Performers may be gently amplified.

PREPARATION

There are 30 Question cards, to choose from. Shuffle these beforehand and pick twelve for each performer. Similarly with the Simultaneous Action cards.

The only Rules are

- The performers should NOT prepare their answers in advance. All responses should be spontaneous, natural, improvised.
- Performers must speak for the duration between the beeps, even if there is nothing to say. All hesitation, thinking out loud etc is allowed.
- It is preferable NOT to include the Question in the answer. (e.g. Say "Spaghetti (etc)...", rather than "For lunch today I had Spaghetti (etc)...")

To ensure spontaneity of response, performers should not know when the next beep will happen.

Therefore rehearsals should be made with the Rehearsal Audio Tracks which will have a different set of durations to the ones used for performance.

PRESENTATION

The piece is the first opus of the opera "Time With People".

In performance during the opera, at around 7 minutes through this piece begins Opus 2 performed by the Chorus.

It may also be performed in isolation as a concert piece.

Talk about a naughty incident you did as a child.

What were you doing at midday today?

Where did you last go for a holiday?

What did you have for lunch/breakfast?

What was the last film you saw?

Did you take a bus/train today? Who was seating around you?

What's the last thing you bought?

What did you dream last night? If nothing, then recall a recent dream, or recurring dream.

What time did you go to bed last night? How did you sleep?

Where/when did you last go to another country?

Recall/describe an advert you have seen recently. (e.g. on TV or in magazine or roadside)

When were you last ill? What was it? How long etc?

How long have you lived in your present home?

Where were you born?

What is your earliest memory of anything?

Work out how old you are precisely today in years, months, weeks, days.

When did you last buy a clock or timepiece? How do you tell the time?

Do you own any animals or have you?

Do you own any plants?

When did you last get very drunk? Describe the occasion, what you drank, etc

What was the last book you read?

When did you last talk on the phone with anyone? Who was it?

When did you last feel afraid/anxious?

What was the last fruit you ate?

What will you be doing at midday tomorrow?

When did you last see an animal?

When did you last wear a hat?

When did you last wait for something?

When did you last sing?

Name an injustice that happened to you as a child, or at any point in your life.

open a packet of crisps and eat some

stand up

put your hands up (above your head)

cover your head with a cloth

open a can (of beer/soft drink) and pour a glass and perhaps drink some

Speak in a loud voice

intone your answer on one note

turn your back to the audience

put your head in your hands (bent over)

get up and walk around the chair

lie down

arms outstretched (as if to embrace)

waving

hands on head

look directly up

turn to the left

turn to the right

Opus 2

(from Time With People)

For Chorus (c. 8 people)

Chorus lined up on one side of the stage, side by side.

Independently proceeding across the stage and back, as many times as become necessary (depending on stage width).

Begin approximately 7 minutes of the way through **Opus 1**.

FOR EACH PERFORMER

1. Count to 100, silently in your head.

Pick any sequence of numbers between 1-100. Using this, as you come across each number while counting, move one of your feet forwards. Count slowly at roughly 50 bpm.

In this way, slowly walk through the objects, moving them gently when feet come across them. The objects makes noises as they are pushed aside. Walk gently, don't kick anything. Perhaps slide feet along the floor.

Walk from one side of the stage to the other. When you get to the other side of the stage, turn back and continue. Follow a straight line.

2. Choose a different sequence of numbers. Count to 100, walking as before.

3. Choose a different sequence of numbers. Count to 100, walking as before. In addition, while breathing normally, hum a low note on every exhale.

4. Stop wherever you happen to be. Hum as before. Choose a different sequence of numbers. Count to 100, and as you come across each number, begin applauding (free tempo clapping), and finish applauding as you come to the next number.

ENDING

Performers are likely to finish independently. When finished, proceed normally to position for next scene.

c8 minutes.

Opus 3

(from Time With People)

for 2 Voices + 4 Drums, and Chorus (c.8 people) + hand held objects.

Each of the 2 solo voices has 2 drums, one higher in pitch than the other.

The Chorus plays hand held objects which are to be struck together.

Objects may be made of a variety of materials. (Wood, metal, stone, glass, plastic, or assorted.)

Speakers and Chorus speak text deliberately, and directly. Do not express the words, or invest them with meaning.

Do not act them. Speak loudly. Not quite shouting.

(When performed as part of Time With People, at the end after the Chorus have shouted "Stop!", they may disperse to begin Opus 4 before the soloists have finished drumming.)

Duration c. 6.5 minutes

think-ing more words need-ed

Detailed description: This system contains three staves. The top and middle staves are piano accompaniment, both marked with "Stop!". The bottom staff includes the lyrics: "think-ing more words need-ed".

Stop!

Detailed description: This system contains three staves. The top and middle staves are piano accompaniment. The bottom staff is a vocal line that ends with a whole note and the instruction "Stop!".

Musical score for two staves. The score consists of five measures. The first four measures have a whole rest on the top staff and rhythmic patterns on the bottom staff. The fifth measure has a whole note on the top staff and a half note on the bottom staff, both labeled "Stop!". The time signature is 2/4.

Opus 4

(from Time With People)

for c.8-10 people + objects

Opus 4 consists of simultaneous performance of 3 LAYERS.

LAYER 1

- Multiple Individual Activities to be performed simultaneously. (see below)
- The selection of Activities is free, although ideally there always should be many different Activities going on simultaneously (i.e. not everybody doing the same one.)
- The sequence of Activities is free.
- The duration of each Activity is free, from anywhere between less than a minute to the entire duration of the performance. (i.e. Persons may decide to start or finish an Activity and move on to another one at any time.)
- Players may be in any location within the performance space, and can move to other spaces.

Therefore, a player may predetermine a selection of Activities in advance and decide on an approximate duration for each. Or selections and durations may be spontaneously decided in performance, depending on what else is going on.

Number Tables are available to provide optional material for choices of durations, or speeds or distances.

LAYER 2

Coordinated Ensemble Actions

LAYER 3

Text

INSTRUMENTATION

The performance space should be strewn with many and various objects on the floor (see Time With People) (e.g. any packaging, plastic bottles, cardboard boxes, all sizes, plastic bags, paper bags, newspapers, toys (balls, old plastic dolls, light things, etc), twigs, leaves, branches, kitchenware, plastic household or other domestic items, glass bottles, shoes, and similar.)

Roughly equal combinations of everything, in such a way as no one category predominates. Nothing too big, except perhaps for cardboard boxes and plastic bottles, which may be any size including large.

ALSO NEEDED

- 4 alarms (clocks, phones, timers, or others, electronic or mechanical)
- string
- at least one (large) electric fan
- bag of rice/beans/leaves/hard sweets/nuts in shells/dried pasta

The duration of an entire performance should be between 10 - 15 minutes long.

(In a performance as part of "Time With People", the performance ends with one of the performers starting to play the drums, thereby commencing Opus 5.)

tim parkinson, 2012

INDIVIDUAL ACTIVITIES

1. Empty bag of leaves/rice/beans/pasta on the floor/over other objects/people slowly/quickly. Sweep/gather them up and do it again.
2. Demarcate an area and, by pushing an object along the floor, trace each letter of your name in it. Friction sounds. (Try a separate duration for each letter. Number Tables may be used to determine durations.)
3. Pick up an object and make sound with it. (e.g. Shake it. Spin it on floor. Blow it. Knock it on floor/with knuckles/against other objects. Roll it. Break it. Hum into it.) (Number Tables may be used to determine durations of sound followed by durations of silence.)
4. Tie a piece of string to an object and drag it while walking. Walk from one point to another. (e.g. From one person to another, or from one side of the area to another, diagonally across, or from other points, or in a circle around someone else.) This can be repeated many times. (Number Tables may be used to determine speeds/distances of walking.)
5. Build a tower with objects until it falls over.
 - and/or build a tower and switch on a fan to blow it over.
 - and/or use the fan to blow someone else's tower over or to prevent them building one.
 - and/or attempt to build an impossible tower which cannot be higher than one level without falling over. (e.g. a large cardboard box on an upright pencil)
6. Tie some objects together with string then run a stick along them back and forth.
7. Arrange objects
 - in a line following where people are walking.
 - and/or in a circle around someone else.
 - and/or from one side of the stage to another.
 - and/or in a line in front of you in order of height/material/any other category.
8. Push one object on the floor through collections of other objects and other people's activity.
 - from one side of the stage to another, or from one point to another.
 - in a circle around someone.(Number Tables may be used to determine speed of pushing.)
9. Try to suspend a piece of newspaper in the air with an electric fan. (It will continually fall, but believe that it is possible, with minimum assistance from hands.)

COORDINATED ENSEMBLE ACTIONS

4 alarms, set to any 4 different moments within the duration of the performance.

When the alarm sounds, immediately respond. Then, at a point at which it is clear that everyone has responded adequately, gently begin to resume individual activities.

- 1st alarm: everyone lie down;
- 2nd alarm: everyone face east;
- 3rd alarm: everyone rotate once on the spot;
- 4th alarm: everyone get into a line (like a queue)

TEXT

Talking quietly to oneself on 3 occasions during the performance, simultaneously with individual activities.

- Occasions may be predetermined when to speak. (i.e. timings within the performance duration.)
- Occasions may be dependent on other activity, or otherwise spontaneously decided during performance.

Soloists	Read page of book silently to yourself. (or watch a minute of TV)	Describe what you can remember.	Listen to music on headphones. Play what you can hear as you hear it. Do not prepare. Anarchic, messy, noisy.		Listen to sounds on headphones. Say what you can hear. e.g. "drill", "cat", "earthquake"			
Chorus*	Listen to field recording on headphones. Say what you can hear, when you hear it. e.g. "birds", "car", "dog" Sporadic, hesitant, listening.			Listen to music on headphones. Sing what you can hear, as and when you hear it. Do not prepare. Anarchic, messy, noisy.		Listen to list of words on headphones.	Shout out as much as you can remember.	
Drum kit	Medium tempo groove. (c.80bpm) Background. Nothing too interesting. May stop then start up again occasionally. Ref. Godard - <i>Weekend</i> or other similar							(to end)

Duration of performance is determined by drum kit. Drummer plays between 11-15 minutes. Performance begins when drums start, and finishes when drums stop. There is no need for Drummer to strictly coordinate beginning and end with the Soloists and Chorus.

Soloists and Chorus repeat entire structure between 2 to 3 times.

Timings may be considered rough or approximate. (Soloists and Chorus will be mostly responding to Audio Tracks, except for Soloists reading a book/watching TV.)

* Chorus - in addition, about half the members in the chorus (3 or 4 people) should at one point break from proceedings and perform a dance in time with the drums consisting of 4 repetitions of 4 gestures/movements, in 4 corners of an area defined as a square. (See adjoining page)

TECH LIST

Soloists

Playback to 2 headphones.

2 copies of the same book (or 1 TV playing a predetermined part of film or programme, no sound)

2 electric guitars & amps.

Chorus

Playback to headphones for each member of the chorus.

Dance for Opus 5

A, B, C, D = different movements/gestures.
Rhythmic, very simple/elementary, in time with drums.

The square is an area of stage to be defined by dance.

Each person starts with A and performs this movement 4 times together in unison.
Then without stopping all move to B to perform this movement 4 times together in unison. Continue to C and D in the same way.

Then return to A and repeat the entire structure 4 times.

Opus 6

(from Time With People)

for more than 5 players, any sound producing means

Words

Speak each line quietly to oneself, everyone saying the same line together.
After each line, a pause of less than 5 seconds. (Length of pauses may vary.)

There is no need for precise unison. There should be a heterophony of quiet voices. The words may or may not be clearly heard by an audience.
Anyone may lead.

Sounds

While speaking the words, make sounds at the same time.

Choose 6 different sounds to make. Each performer divides up the text into 6 sections by any means. (Ideally all sections should be differing lengths and unique to each player.)
Assign one sound to each section to be made while speaking the text.

Sounds should be around the same dynamic as the speech. They should not be too quiet. It does not matter if they are slightly louder than the speech. The result should be a gentle cloud of activity surrounding each line of words.

(Possible sounds: Friction sounds (objects on surfaces, objects on other objects, etc); On an instrument, low pitched notes of indistinct tuning; Radio tuned to a station; Rattles, bells or chimes may be used, sounded in an indistinct way.)

Do not use a stopwatch.
Do not be too strict.

In addition

Around two thirds of the way through, 1 soloist plays a continuous low quiet drone/hum (non-vocal), and 1 soloist gently and infrequently tolls a bell. After this, Chorus gradually begin intoning on one note.

Duration c.10-15'

Previously titled "chorus and orchestra", originally written for the Set Ensemble and first performed by them at Holywell Music Room, Oxford, 10.11.12 (Set Ensemble: Patrick Farmer, Bruno Guastalla, Sarah Hughes, Dominic Lash, and Paul Whitty, with Michael Pisaro and Stefan Thut)

8th October 2012

i am thinking of people speaking words and making sounds
is it music
it's what i want to hear
how long is it gonna go on for
it's how i want to start
i wonder what it sounds like
it sounds like this
talking and making sounds
the sounds are anything
are they anything
are they me
I want to hear them
whatever they are
i imagine what they could be
what are the people speaking
are they speaking this
what is this
it's something for people to speak
is it anything
they're saying anything
is it what i want to hear
is it just something for people to speak
is it me thinking what i want people to speak while they're making sounds at the same time
words and sounds at the same time
speaking and making sounds at the same time
is it me thinking
what am i thinking
i am now thinking what am i thinking

i'm thinking i would like to hear this
i'm thinking i would like to hear the sound of many people speaking and making sounds at the same time
i think this is just something for people to speak while they are making sounds at the same time
are the words important
or could they just be saying anything
is this anything
what shall i say now
what if i am wrong
shall i carry on or shall i stop
how long should it go on for
have i had enough
or do i still want to hear it
is it interesting or shall i make another choice
shall i change or shall i stay the same
would i like to hear something different or would i like to hear the same thing again
i think i am happy to hear the same thing again
for a while
i don't know how long this has been
i don't know how long it will carry on
am i just saying anything or thinking anything
the saying anything is providing a substance for the continuation of the sound
so i am required to keep thinking and saying what i'm thinking in order to continue the sound if i want to hear more of it
i wonder what is happening now in the performance
or where it is
or who the people are
and am i there to hear it
is it carrying on
what about the silences between my thoughts

shall i include them

or shall i edit them out

the difference between two notions of time

thinking time

performance time

which is real time

is it good to represent thinking time naturally or shall i condense it into an uninterrupted sequence of thoughts and choices

i am thinking what to say next

whether there is a change happening anyway in the performance which i have decided at a separate point to feed into the music or the making of sounds or the way
in which the words are being spoken

is it important to continue

or is it enough now

i don't feel that anything has been said

do i want something to be said

i still want to hear the sound of people speaking and making sounds at the same time

i want to hear what it sounds like

does it mean anything

is it anything

am i saying anything

is it me saying anything

am i saying anything

am i just saying anything

Opus 7

(from Time With People)

for 2 soloists and chorus (c.8 people), objects & audio track

Soloists and Chorus perform in time with Audio Track

which is a looped recording of Menuet from Water Music Suite No.3 in G, HWV 350, by George Frideric Handel.

Audio Track volume should be prominent. Equal to that of Soloists and Chorus.

Soloists and Chorus may be also amplified, if necessary.

Audio Track begins with a computer counting in two bars. (1,2,3,1,2,3)

SOLOISTS

- Each have Sound 1 and Sound 2. (Any sounds. e.g. percussion, pitched or unpitched, friction noise, etc.
Something which maybe obscures the music, or adds to it. Non vocal.)
- Speak. Speak clearly but gently. (The words must be heard, but do not shout.
Words of more than one syllable should be placed so that the strong syllable is on the beat.)
- Drop objects on floor. (The objects may be selected from a container, or in the case of a performance of Time With People, the objects may already be on the floor.
Use a multiplicity of objects. Some objects may be used several times, but not in direct repetition.
Aim to drop the objects so that the impact on the floor is on the beat.
Objects should not be too small.)

CHORUS

- Clap.
- Clap and Speak. (Speaking as Soloists above.)
- Speak.
- Drop objects on the floor. (As Soloists above.)
At the end the Chorus gradually replace their dropping objects with tiny objects.
(i.e. objects less than 1 gram in weight, e.g. paper clips, rice grains, seeds, crumpled paper, etc)

Opus 7

(from Time With People)

tim parkinson

Dotted lines indicate possible joining of two sounds.

SOUND 1

AUDIO

Musical score for measures 1-10. The score includes two percussion parts (1 and 2) and four string parts (Flauto piccolo, Violino I, II, Viola, and Bassi). The key signature is one flat (B-flat) and the time signature is 3/4. The percussion parts feature rhythmic patterns with dotted lines indicating possible joining of two sounds. The string parts provide harmonic support.

SOUND 2

Musical score for measures 11-21. This section continues the percussion and string parts. The Flauto piccolo and Violino I, II parts include trills, indicated by the 'trill' marking. The percussion parts continue with rhythmic patterns and dotted lines for sound joining.

22

Musical score for measures 22-31. This section continues the percussion and string parts. The Flauto piccolo and Violino I, II parts include trills, indicated by the 'trill' marking. The percussion parts continue with rhythmic patterns and dotted lines for sound joining.

32

SOUND 1

Musical score for measures 32-41. The score consists of two percussion staves at the top and a piano accompaniment below. The percussion staves feature rhythmic patterns with 'SOUND 1' annotations. The piano accompaniment is written in a key with one flat and includes treble, middle, and bass clefs.

42

SOUND 2

Musical score for measures 42-51. The score consists of two percussion staves at the top and a piano accompaniment below. The percussion staves feature rhythmic patterns with 'SOUND 2' annotations. The piano accompaniment is written in a key with one flat and includes treble, middle, and bass clefs.

52

Musical score for measures 52-61. The score consists of two percussion staves at the top and a piano accompaniment below. The piano accompaniment is written in a key with one flat and includes treble, middle, and bass clefs.

DROP

trm

This system contains the first part of a musical score. It features three vocal staves at the top, each with a double bar line at the beginning. The lyrics "you without you" are written under the first two staves, and "with" is under the third. Two boxes labeled "DROP" are placed above the second and third vocal staves. Below the vocal staves are three piano staves: a treble clef staff with a key signature of one flat and a common time signature, and two bass clef staves. The piano accompaniment includes various notes, rests, and trills marked with "trm". A double bar line is present in the middle of the system.

166

This system continues the musical score from the previous system. It features three vocal staves at the top, each with a double bar line at the beginning. Below the vocal staves are three piano staves: a treble clef staff with a key signature of one flat and a common time signature, and two bass clef staves. The piano accompaniment includes various notes, rests, and trills marked with "trm". A double bar line is present in the middle of the system.

177 **CLAP**

Musical score for measures 177-187. The score includes a drum set part with a 'CLAP' instruction, a vocal line, and piano accompaniment. The piano part consists of a bass line and a right-hand line with chords and arpeggios.

188

Musical score for measures 188-197. The score includes a drum set part, a vocal line with trills, and piano accompaniment. The piano part consists of a bass line and a right-hand line with chords and arpeggios.

198

Musical score for measures 198-207. The score consists of five staves: three percussion staves at the top and two piano staves (treble and bass clef) at the bottom. The music is in a 4/4 time signature with a key signature of one flat (B-flat). The piano part features a melodic line in the treble clef and a bass line in the bass clef. The percussion part includes a snare drum pattern and a cymbal pattern.

208

CLAP & SPEAK

Musical score for measures 208-217. The score consists of five staves: three percussion staves at the top and two piano staves (treble and bass clef) at the bottom. The music is in a 4/4 time signature with a key signature of one flat (B-flat). The piano part features a melodic line in the treble clef and a bass line in the bass clef. The percussion part includes a snare drum pattern and a cymbal pattern. The lyrics are written below the piano part.

apart together together alone apart apart alone together apart alone alone apart

(STOP CLAPPING)

218

Musical score for measures 218-227. The score includes a vocal line with lyrics, a piano accompaniment, and a drum line. The lyrics are: "apart alone alone alone apart again together without with". The piano accompaniment features a melodic line in the right hand and a bass line in the left hand. The drum line consists of a steady pattern of eighth notes.

228

Musical score for measures 228-237. The score includes a vocal line with lyrics, a piano accompaniment, and a drum line. The lyrics are: "you me with without you without me you without you". The piano accompaniment features a melodic line in the right hand and a bass line in the left hand. The drum line consists of a steady pattern of eighth notes.

CHORUS
After the music has finished, drop
objects in time, gradually replacing
objects with tiny objects.

All tiny objects (weighing less than 1g, e.g. paper clips,
rice, seeds, crumpled paper, etc)

238

The musical score consists of several staves. At the top, there are two staves with rhythmic notation: a series of quarter notes followed by eighth notes, with the word "with" written below the first staff. To the right of this section, the instruction "10x" is written above the staff, and "10x or more" is written further to the right. Below these are two staves of music, each with a "trill" marking above a note. At the bottom, there are three staves of music: a treble clef staff, a bass clef staff, and a grand staff (treble and bass clefs joined). The music is in a key with one flat and a 3/4 time signature.
